Attention of Mr. Eric F. Engbrecht

Gentlemen:

This letter is in reply to your letter of March 7, 1960, and subsequent telephone conversation concerning packer leakage tests for our State 10 No. 3 in Unit D, Section 10, T-21S, R-37E, Lea County.

The Drinkard Zone (lower) was temporarily abandoned and status of Tubb Zone (upper) changed from gas to oil on N.M.O.C.C. Forms C-102 and C-103, approved by your office September 18, 1959. The setting of a tubing plug to blank off the lower zone was also noted on the above forms. The accompanying sketch shows the physical details.

Charts, Test 1-Chart 1, Test 1-Chart 2, also attached, were taken during 24-hour flow period as requested in your letter of March 7, 1960, and is from the Tubb Oil (upper) Zone only.

Yours very truly,

J. R. PARKER
District Superintendent
