County.

FULL DETAILS OF PROPOSED PLAN OF WORK
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

In compliance with New Mexico Oil Conservation Commission Rule No. 202 (e), we are submitting a request for permit to temporarily abandon subject well.

This well was drilled to a total depth of 8,161', Simpson formation, and was found to be flooded out. Well was plugged back to and tested in the Abo formation, which was not found to be commercial productive so the well was shut in.

Plans are to plug back and dually complete this well in the Drinkard and Blinbry. Pending such time as this additional work is commenced, well will be temporarily abandon.

Approved....., 19.....
