Santa Fe, New Mexico

DUPLICATE

NOTICE OF INTENTION TO DRILL

Notice must be given to the Oil Conservation Commission or its proper agent and approval obtained before drilling begins. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to the sender. Submit this notice in triplicate. One copy will be returned following instructions in Rules and Regulations of the Commission.

Midland, Texas

Place

August 30, 1951

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico,

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as Lea #37722
Humble Oil & Refining Company New Mexico State "V" Well No. V-7 in SE 1/4 of SW 1/4
Company or Operator Lease

of Sec. 10, T. 21-S, R. 37-E, N. M. P. M., Hare Field, Lea County.

N

The well is 500 feet (N.) (S) of the South line and 1880 feet
(E.) (W.) of the West line of SE 1/4 of SW 1/4 of Sec. 10

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. _____ Assignment No. _____

If patented land the owner is _____

Address _____

If government land the permittee is _____

Address _____

The lessee is Humble Oil & Refining Company

Address Box 1600, Midland, Texas

We propose to drill well with drilling equipment as follows: _____

Rotary Rig

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: Now on file in Commission Office

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
17-1/4"	12-3/4"	39#	New	300'	Cemented	300 sx.
11"	8-5/8"	29.75#	"	3100'	"	1500 sx.
6-3/4"	5-1/2"	15.5#	"	7600'	"	500 sx.

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 7600 feet.

Additional information:

Title

Ray Yarbrough
Oil & Gas Inspector

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud. The text also mentions the need for regular audits and the role of independent auditors in ensuring the reliability of the data.

2. The second part of the document focuses on the challenges faced by organizations in implementing effective internal controls. It highlights the complexity of modern business environments and the need for a robust framework of controls to manage risks. The text discusses various types of controls, such as preventive, detective, and corrective controls, and provides examples of how they can be applied in different contexts. It also mentions the importance of training and awareness programs to ensure that employees understand their role in maintaining the controls.

3. The third part of the document addresses the issue of data security and privacy. It discusses the risks associated with data breaches and the need for strong security measures to protect sensitive information. The text mentions various security protocols, such as encryption, firewalls, and access controls, and emphasizes the importance of regular security assessments and updates. It also discusses the legal requirements for data protection and the role of organizations in ensuring compliance.

4. The fourth part of the document discusses the importance of transparency and accountability in financial reporting. It emphasizes that organizations should provide clear and concise information to stakeholders about their financial performance and the risks they face. The text mentions the need for standardized reporting formats and the role of regulatory bodies in ensuring the quality of the information. It also discusses the importance of internal controls in ensuring the accuracy of the data used in the reports.

5. The fifth part of the document discusses the role of technology in improving financial reporting and internal controls. It mentions various technologies, such as artificial intelligence, machine learning, and blockchain, and how they can be used to automate processes and reduce the risk of errors. The text also discusses the importance of data integration and the need for organizations to ensure that their systems are compatible and secure. It mentions the need for ongoing monitoring and evaluation of the technology used to ensure that it remains effective and up-to-date.
