17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Exxon intends to add pay, acidize and fracture this well. The approximate interval to be perforated will be 7662' - 7882'. Actual perforations will be picked on location by the geologist.

It is estimated that this work will be completed during the third quarter of 1988.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
