

OIL CONSERVATION COMMISSION

Oct. 20, 1957

Mr. J. H. H. Co.
Box 65
Bartlesville, Okla.

Supplement

Under No. 1000-2-11 define a certain well in the Tubb Gas field as a well which produces hydrocarbons of gravity of 45° API or less.

We advise you that the above information is given to this office in indication that the Tubb Gas field, 1000-2-11 and your Tubb No. 2-N, 1000-2-11 have gravities of least than 45° API.

Effective October 1, 1957 the two wells will appear in the Oil Production Schedule under the Tubb Gas field. You are hereby directed to file Form O-111 at your earliest convenience indicating this change in pool designation.

Yours very truly,

OIL CONSERVATION COMMISSION

R. L. Montgomery
Production Manager
