New Mexico Oil Conservation Commission (2)  
Post Office Box 871  
Santa Fe, New Mexico

Gentlemen:

As requested by your office, we are forwarding revised schematic drawings of the proposed method of dual completion for our Lockhart B-12 No. 3-S in the Wantz Abo and Drinkard Oil Pools. The drawing has been revised to show the Drinkard tubing string (short string) to be 2" EUE tubing and set at approximately 6750'.

Yours very truly,

J. R. PARKER  
District Superintendent  
of Production

JRP-DFW
