Box 1147  
Hobbs, New Mex.

Gentlemen:

Our records do not reflect a casinghead gas connection for your Shell State No. 1 in Unit D of Section 36, T-22-S, R-37-E, Blinebry Oil Pool, or Gulf-Bunin No. 2 in Unit C of Section 13, T-21-S, R-37-E, Terry-Blinebry Oil Pool.

If you do have a connection, please file Form C-110 showing the authorized transporter; if the gas is being vented it will be necessary for you to apply for a No-Flare Order to comply with the provisions of Commission Order R-610.

Yours very truly,

OIL CONSERVATION COMMISSION
