Hobbs, New Mexico

Attn: Mr. J. D. Ramey
Proration Manager

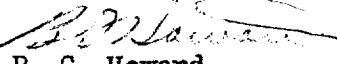

Gentlemen:

Attached hereto is Revised Form C-128 on The Ohio Oil Company's L. G. Warlick "C" Well No. 2, Blinebry Gas Pool, indicating 120 acres dedicated acreage, along with Forms C-103, C-104, C-110 and C-128 on The Ohio Oil Company's L. G. Warlick "C" Well No. 9, Blinebry Oil Pool.

L. G. Warlick "C" Well No. 9 was recompleted on May 15, 1960 from the Brunson Pool to the Blinebry Oil Pool.

Rule 6 of Order R-610 states: "Acreage dedicated to a gas well in the Blinebry Gas Pool shall not be simultaneously dedicated to an oil well in the Blinebry Oil Pool". Therefore, application for administrative approval for a 120 acre non-standard gas proration unit for L. G. Warlick "C" Well No. 2 is being filed this date.

In the protection of correlative rights, we respectfully request that an allowable supplement be issued effective this date reducing the Blinebry Gas Pool allowable for L. G. Warlick "C" Well No. 2 from that of a 160 acre unit to that of a 120 acre unit. We further request that L. G. Warlick "C" Well No. 9 be assigned a top 40 acre unit oil allowable for the Blinebry Oil Pool, effective this date.

Yours very truly,
THE OHIO OIL COMPANY

B. G. Howard
Superintendent
