Dear Sir:

We have received your application for approval of an unorthodox gas proration unit consisting of the N/2 N/2 Section 15, Township 21 South, Range 37 East, Lea County, New Mexico, covering both the Blinebry and Tubb Gas Pools.

It was received too late to be advertised for the January 20 hearing, and will therefore be set for the February 17 hearing. Because of its dual nature, however, it must be resolved into two cases, and will be advertised accordingly - i.e., one Blinebry unit, another for the Tubb.

Very truly yours,

W. B. Macey
Chief Engineer
