Re: Reclassification of Well
State S #4-C
Section 15, T21S, R37E
Blinebry Oil and Gas Pool

Gentlemen:

Due to the recently submitted gas-oil ratio test for the above-referenced well, it will be reclassified as a gas well in the Blinebry Oil and Gas Pool effective January 1, 1987, and the oil allowable will be cancelled that date.

If for some reason you feel this test does not reflect the proper classification of the well, please submit another test for our consideration by November 25, 1986.

*Submitted
new test
remains oil*

Please submit Form C-102, Acreage Dedication Plat, outlining acreage dedicated to this gas well classification, along with NSP number if applicable. Also, in the event there is a transporter change due to the reclassification, please submit Form C-104 so indicating. Please advise this office if gas well gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
