LEASE State Land 15 WELL NO. 4 UNIT P S 16 T 21 R 37
DATE WORK PERFORMED _____ POOL Tabb Gas

This is a Report of: (Check appropriate block) ☐ Results of Test of Casing Shut-off
☐ Beginning Drilling Operations ☐ Remedial Work
☐ Plugging ☒ Other Reclassify to Gas well

Detailed account of work done, nature and quantity of materials used and results obtained.

This well was reclassified as an oil well due to an error in reporting distalate gravity. The distalate from this well is commingled with well #3 from Elinebry zone resulting in sales of approximately 42 gravity. This figure was reported to the Commission as gravity for distalate, resulting in reclassifying #4 well in Tabb zone as an oil well.

This is to request classification of well as Gas well and to state gravity of distalate to be 63° A.P.I. It is also requested that State Land 15 well #4 be replaced on Gas well schedule.
