Re: Filing of radio-activity and  
electrical logs

Gentlemen:

Rule 1108 of the Commission Rules and Regulations as revised by Commission Order No. R-722 requires that Form C-105 be accompanied by one copy of all electrical and radio-activity logs run. Reduced scale logs are desirable.

As of this date we have not received this information on the following wells:

Butte Shale #4-6 1721-37

Yours very truly,

OIL CONSERVATION COMMISSION

Proration Manager

If no logs were run, please make a statement to that effect in the space below. Or if they have been run, and will be supplied later, please so indicate.
