Re: Reclassification of Well
Blinebry Oil and Gas Pool

Gentlemen:

Due to the recently submitted gas-oil ratio test for the wells listed below, they will be reclassified as oil wells in the Blinebry Oil and Gas Pool effective January 1, 1987, and the gas allowables will be cancelled that date.

If for some reason you feel the recently submitted tests do not reflect the proper classification of the wells, please submit a new test for our consideration by November 25, 1986.

It will not be necessary to submit a new acreage dedication plat since each well currently has 40 acres dedicated. However, in the event there is a transporter change due to the reclassification, please submit Form C-104 so indicating.

Very truly yours,
