Re: Proposed 310.29 Acre Non-  
Standard Gas Proration Unit,  
Gulf's H. T. Mattern (NCT-C)  
Well No. 3, Eumont Gas Pool,  
Administrative Order NSP-590

Gentlemen:

In conformance with telephone conversation between Mrs. Carpenter and Mr. Hoover, attached is verifax copy of letter from the Commissioner of Public Lands, dated March 26, 1962, advising of approval of communitization for the subject Unit.

As you know, Administrative Order NSP-590 approved the subject Unit effective the first day of the month following receipt by the Commission of evidence of approval of the State Land Office. It may be noted that a copy of this letter was furnished to the Santa Fe office, however, the Hobbs office was not furnished a copy.

It is hoped in view of the above, that the effective date can be made as of April 1, 1962.

Yours very truly,

*M. I. Taylor*
