Attention: Mr. J. W. Baulch

Gentlemen: RE: Makin Drilling Company Warlick No. 1,
NE/4 NE/4 19-21S-37E, Blinebry Gas Pool

Reference is made to the above-captioned well. According to information available to this office, the well is completed in the Blinebry formation as a gas producer. The well is presently located outside the defined limits of the Blinebry Gas Pool.

Pending the extension of the Blinebry Gas Pool to include this acreage, I believe it would be advisable for the well to be produced upon the basis of the same allowable that a well in the Blinebry Gas Pool on 160 acres would receive.

If you differ with our interpretation of the allowable to be assigned, I would appreciate your contacting me as soon as possible.

Yours very truly,

W. B. Macey, Secretary-Director
