Gentlemen:

We are in receipt of your letter of December 22, 1954 requesting the cancellation of the Administrative Order DC-158 granting permission to make a gas-gas dual completion of the above well. The reason given for the withdrawal of the above order was the lack of gas in commercial quantities in the Blinebry and Tubb Gas Zones.

Effective this date, Administrative Order DC-158 covering the above well is canceled.

Very truly yours,

W. B. Macey
