

NEW MICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

THEORY OF THE EARTH

CHAPTER I. OF THE ORIGIN OF THE EARTH.

The first question which presents itself to the mind is, what was the origin of the earth? and the answer to this question is, that it was created by the power of God, and that it was created out of nothing.

The next question is, when was it created?

The answer to this question is, that it was created at the beginning of time, and that it was created at the same time as the sun and the moon.

The third question is, how was it created?

The answer to this question is, that it was created by the power of God, and that it was created out of nothing.

The fourth question is, what was the state of the earth when it was created?

The answer to this question is, that it was in a state of confusion, and that it was covered with water.

The fifth question is, what was the first day of the earth?

The answer to this question is, that the first day of the earth was the day when God created the earth, and that it was the day when the sun and the moon were created.

The sixth question is, what was the second day of the earth?

The answer to this question is, that the second day of the earth was the day when God created the sky, and that it was the day when the sun and the moon were created.

The seventh question is, what was the third day of the earth?

The answer to this question is, that the third day of the earth was the day when God created the land, and that it was the day when the sun and the moon were created.

The eighth question is, what was the fourth day of the earth?

The answer to this question is, that the fourth day of the earth was the day when God created the sun and the moon, and that it was the day when the sun and the moon were created.

The ninth question is, what was the fifth day of the earth?

The answer to this question is, that the fifth day of the earth was the day when God created the birds and the beasts, and that it was the day when the sun and the moon were created.

The tenth question is, what was the sixth day of the earth?

The answer to this question is, that the sixth day of the earth was the day when God created man, and that it was the day when the sun and the moon were created.

The eleventh question is, what was the seventh day of the earth?

The answer to this question is, that the seventh day of the earth was the day when God rested, and that it was the day when the sun and the moon were created.

The twelfth question is, what was the eighth day of the earth?

The answer to this question is, that the eighth day of the earth was the day when God created the earth, and that it was the day when the sun and the moon were created.

The thirteenth question is, what was the ninth day of the earth?
