Dec. 21, 1962

Mr. L. O. Storm, Engineer  
J. R. Cone  
209 Turner Drive  
Hobbs, New Mexico

Dear Mr. Storm:

Effective January 1, 1963 the J. R. Cone Anderson No. 2 located in Unit I of Section 21, T-21-S, R-37-E is reclassified as a gas well in the Blinebry Gas Pool. This reclassification is necessitated by your recently submitted gas-oil ratio report which indicates the well to be producing in excess of 32,000 cubic feet per barrel.

A gas allowable will be assigned this well when you have complied with the provisions of Commission Order No. R-1670 which pertain to the Blinebry Gas Pool.

Yours very truly,

OIL CONSERVATION COMMISSION
