SECRETARY AND DIRECTOR

Santa Fe, New Mexico
P. O. Box 871
March 18, 1948

Mr. Roy Yarbrough
Oil Conservation Commission
Hobbs, New Mexico

Dear Roy:

Would you please look up the S. E. Cone, et al, Anderson #1 well in NE SE section 21, T.21 S, R.37 E and find out why this well should be under the name of Anderson rather than Wantz. It is very difficult to get records straightened out on a well once a mixup in names has taken place.

In this case, Mary L. Wantz is actually fee owner, as shown on the G-101 you approved on March 11. Then why the involved switching of names shown on the C-102?

We believe that the well name should coincide with the fee owner and ask that you please straighten this out with Cone or advise us in order that we may handle.

Very truly yours,

R. R. Spurrier
