Re: Reclassification of Well  
Wantz #1-N  
Sec. 21, T21S, R37E  
Blinebry Oil & Gas Pool

Gentlemen:

Due to the recently submitted "scheduled" gas/oil ratio test the above-referenced well will be reclassified from oil to gas effective January 1, 1991, and the oil allowable cancelled that date.

If for some reason you feel the recently submitted test does not reflect the proper classification of this well, please submit another test for our consideration by November 1, 1990.

If the well is to be reclassified to gas, please furnish this office with a revised acreage dedication plat, Form C-102, outlining acreage to be dedicated to the gas well classification. If the gas transporter changes due to reclassification, please submit Form C-104 so indicating. Please advise if this gas well gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION
