Re: Gas Well Plats

Dear Sir:

We are advised by our Santa Fe office that Commission orders have been written approving non-standard gas proration units for your Wants #1 and #2 wells, and your Weatherly #1 in Unit E. Effective April 1st, these wells will be listed in the Eumont pool on the gas proration schedule, and assigned allowables appropriate to the acreage dedicated, provided that in the meantime you file two copies of Form C-128 for each of these wells with this office. On this form you should outline the acreage which will be dedicated to each well, and show within the outlined area all other producing oil and gas wells.

Yours very truly,

OIL CONSERVATION COMMISSION

A. L. Porter, Jr.
