Re: Administrative Order DC-457

Attention: Mr. G. S. Rohe

Gentlemen:

Administrative Order DC-457 was issued on June 6, 1957 for your M. N. Weatherly Well No. E-1 in the SW/4 NE/4 of Section 21, Township 21 South, Range 37 East.

In looking over your application again, we cannot find where you have made provisions in this dual completion for the installation of a circulating valve or side door choke in order to be able to take a bottom hole pressure on the Blinbry gas formation. It will be necessary to install the above equipment and to indicate the equipment on Form C-102 to our Hobbs office prior to the actual start of the dual completion.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director
