

SHELL OIL COMPANY

P. O. Box 1858 Rosvell, New Mexico

June 10, 1963

Subject: Application for Administrative

Approval to Dually Complete Shell's Turner No. 12 in the Elinebry and Drinkard Oil Pools.

New Mexico Oil Conservation Commission (2) P. O. Box 871 Santa Fe, New Mexico

Gentlemen:

Shell Oil Company hereby makes application for Administrative Approval to dually complete our Turner No. 12 in the Drinkard and Blinebry oil pools. Turner No. 12 is located in Unit K, Section 22, T-21-S, R-37-E, Lea County, New Mexico.

As illustrated on the attached schematic diagram, the two pay zones will be separated by a permanent production packer, and will flow through separate tubing strings.

All operators listed in Item 5 of the attached application were furnished copies of this application, and have been asked to sign waivers consenting to said dual completion. When the waivers are returned to us, we will immediately forward them to the Commission. Please contact this office if additional information is desired.

Very truly yours,

R. L. Lankon

Division Production Manager

Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.

NOTE: If the proposed dual completion will result in an unorthodox well location and/or a non-standard proration unit in either or both of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
