Houston, TX 77001

November 2, 1990

Ms. Evelyn Downs
State of New Mexico
Energy, Minerals and Natural Resources Department
Oil Conservation Division
Hobbs, NM 88241-1980

Dear Ms. Downs:

SUBJECT: AMENDED FORMS C-104
NORTHEAST DRINKARD UNIT

Please find enclosed amended Forms C-104 for the following wells:

<u>WELL NO.</u>	<u>S-T-R</u>
305-R	3-21S-37E
405-B ✓	10-21S-37E
602-E ✓	15-21S-37E
608-F ✓	15-21S-37E
613-H ✓	15-21S-37E
710-P ✓	15-21S-37E
902-K ✓	22-21S-37E

All C-104's are amended to reflect a change in gas connection data except for Well No. 710-P, which is amended for the purpose of explaining the casinghead gas transporter change under Section I. "Other".

It is our belief that the remaining C-104's filed October 22, 1990, need not be amended since all dry gas connections were disconnected on the dates indicated in the table below. (Casinghead gas connections are expected for these wells within the next 30 days.)

<u>WELL NO.</u>	<u>DATE DISCONNECTED</u>
705-N ✓	11/01/90
706-J ✓	11/01/90
802-E ✓	11/02/90
806-B ✓	11/01/90
905-N ✓	11/02/90
907-J ✓	11/01/90
911-L ✓	11/01/90

(Well No. 710-P was disconnected on 11/01/90.)

BNTBC9030603 - 0001.0.0

We sincerely apologize for any inconvenience these amendments may cause. Should you require us to provide dates that would indicate when each of the above wells is reconnected or require any additional information, please contact Marcus Winder at 713/870-3797.

Very truly yours,

J. H. Smithson
