

NEW MEXICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION,

By Ray Yankrough

Title _____

1. The first part of the document is a letter from the

author to the editor of the journal.

The author states that the purpose of the study is to

investigate the effects of the new teaching method

on the students' learning outcomes.

The author also mentions that the study was conducted

in a classroom setting with a sample of 30 students.

The results of the study are as follows:

The first result is that the new teaching method

significantly improved the students' learning outcomes.

The second result is that the students

showed a higher level of motivation and engagement

when using the new method.

The author concludes that the new teaching method

is a promising approach for

improving

learning

outcomes.
