Mr. Roy Yarbrough
New Mexico Oil Conservation Commission
Box 1545
Hobbs, New Mexico

Dear Sir:

Reference is made to our "Notice of Intention to Drill", (Form C-101), sent you with my letter of May 31st covering the proposed drilling of Well No. 2, Sarkeys, located 330' from the South and West lines of the SE/4 of Section 723-21S-37E, Lea County, New Mexico.

Confirming conversation had with you by my office this morning, this is to advise our Sarkeys lease is just outside the boundary of the so-called Drinkard Pool and therefore our Sarkeys No. 2 is more or less considered as an exploratory well, and our reason for locating such well 330' from the South and West lines of the SE/4 of Section 23-21S-37E is that it is located better structurally for such a test.

It is our further understanding from you on the telephone that it is satisfactory for us to proceed with the drilling of said well, and we have therefore notified our Production Department to proceed accordingly.

Yours very truly,

Astamment -

T. H. Hammett
