Hobbs, New Mexico 88240

Gentlemen:

We have this date approved Form C-104 and assigned an allowable in the Wantz Abo Pool for the S. J. Sarkeys Well No. 3 located in Unit I of Section 23, T-21-S, R-37-E. We would prefer that the Drinkard and Blinebry zones, which are commingled downhole, not be shut in however due to the possibility that a crossflow will occur.

You will be permitted to test the Wantz Abo zone for a period of 30 days, after which you will be required to either obtain approval for downhole commingling for the three zones in the well, or to squeeze the Drinkard and Blinebry.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
