Re: Reclassification of Well
Stephens Estate #2-M
Section 24, T21S, R37E
Blinebry Oil and Gas Pool

Gentlemen:

Due to the recently submitted gas-oil ratio test for the above-referenced well, it will be reclassified as a gas well in the Blinebry Oil and Gas Pool effective January 1, 1987, and the oil allowable will be cancelled that date.

If for some reason you feel this test does not reflect the proper classification of the well, please submit another test for our consideration by November 25, 1986.

Please furnish this office with revised Form C-102, Acreage Dedication Plat, outlining acreage dedicated to this gas well classification. Also, if the transporters change as a result of reclassification, please submit Form C-104 so indicating. Also, please advise this office if the gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
