

OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent with which the report specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below.

N. M. P. M.,

Unnamed

Field,

Lea

County.

The dates of this work were as follows: December 12, 13, 14, 1949

Notice of intention to do the work was (~~submitted~~) submitted on Form C-102 on December 13 1949
and approval of the proposed plan was (~~obtained~~) obtained. (Cross out incorrect words.)

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

On December 14, 1949, at 4:15 a.m. 48 hours had elapsed since running 3833' of 8-5/8" casing set at 3847' and cemented with 1000 sacks to be used as intermediate string. Cement was circulated to a depth 50' from surface and located by temperature survey. Pipe and water shut-off was tested by applying 1050 psi pressure before and after drilling cement plug. Pressure drop did not occur on either test. Drilling was resumed.

Witnessed by T. S. Holden Stanolind Oil and Gas Company Hd. Rept.
