THE HISTORY OF THE UNITED STATES

OF THE

UNITED STATES OF AMERICA

The history of the United States is a story of the growth of a young nation from a small group of colonies to a great power. It is a story of the struggles of the people to establish a government that would protect their rights and promote their welfare. It is a story of the achievements of the people in the face of adversity and of the challenges they have overcome.

THE FOUNDING OF THE NATION

The first step in the history of the United States was the establishment of the colonies. The first colony was founded in 1607 at Jamestown, Virginia. It was followed by other colonies in Massachusetts, Maryland, and elsewhere.

The colonies grew in number and in size. They developed their own laws and customs. They began to assert their independence from England.
