OIL CONSERVATION COMMISSION
SANTA FE, NEW MEXICO

Hobbs, New Mexico
(Place)

August 14, 1956
(Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the

Cities Service Oil Company State "C" Well No. 2 in M
(Company or Operator) (Unit)
SW 1/4 SW 1/4 of Sec. 16, T. 21, R. 36, NMPM,umont Pool
(40-acre Subdivision)
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

It is proposed to sand-oil frac State "C" Well No. 2. This well was tested on June 10, 1956 for 34 barrel of oil, 1 barrel of water with a GOR of 21,200. Based on this test, the well would be allowed 18 barrel of oil per day. It is believed that this well will produce top allowable after fracing with 10,000 gallon lease crude and 10,000 pounds of sand with a reduced GOR. This opinion is based on results obtained on the State "D" Lease where conditions are very similar.
