OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

November 13, 1935.

Mr. F. J. Vesely
State Oil and Gas Inspector
Carlsbad, New Mexico

Dear Pete:

I am enclosing herewith two copies of Form SG-109, "Request for Permission to Connect with Pipe Line", for the Empire State C well in Section 16, T. 21 S., R. 36 E. All three copies have been given approval and one is being retained for the Santa Fe files.

Apparently this form was sent direct to Santa Fe instead of to you. If the approval is justified, keep one copy for your own files and forward the other to the Empire Gas and Fuel Company. Also, please advise this company that in the future all such forms should be forwarded to you instead of to Santa Fe.

Very truly yours,

OIL CONSERVATION COMMISSION
