Attention: Mr. William J. LeMay - Director

Gentlemen:

Chevron U.S.A. Inc. respectfully requests your approval of our administrative application for an unorthodox gas well location in the Eumont (Pro Gas) Pool. We are also requesting your approval to simultaneously dedicate this 480-acre proration unit to our W.A. Ramsay (NCT-A) Wells No. 14, 24 and 27 located in letter units F,H and B of Section 34, respectively.

Chevron plans to recomplete the W.A. Ramsay (NCT-A) # 27 within the Eumont Gas Pool as a gas well. The current location, as described above, is unorthodox in that it is less than 990' from the outer boundary of the proration unit.

Chevron therefore, respectfully requests your approval of this administrative application under the provisions of Rule 104 (F). Attached is a map showing offset operators and a Form C-102. A copy of this letter and attachments are being furnished to the Offset Operators by Certified Mail, as notice of this application.

Yours very truly,

R. C. Anderson
