

NEW MEXICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

MISCELLANEOUS NOTICES

HOBBS OFFICE

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Stanolind Oil & Gas Company J. P. Alexander "B" Well No. 2 in NE 8W NW 4

Company or Operator

Lease

of Sec. 5, T. 21, R. 37, N. M. P. M., Wildcat Field.

Lea

County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

We propose to deepen our J. P. Alexander "B" #2 well from present TD (3788') to 7200' to test the Drinkard Pay section. We propose to drill stem test any stain or porosity in the drilling samples that warrants testing and to diamond core the Blinbry and Drinkard pay sections. We plan to run an electric log and a radioactivity log to determine possible pay sections. Casing program is as follows: 13" OD 50# CSA 110' w/100 sx.

9-5/8" OD 36# CSA 1365' w/400 sx.

7" OD 22# CSA 3524' w/300 sx.

The above casing is presently installed. 5" OD 15# casing will be set at TD and cemented with 500 sacks. The casing will then be perforated and the well tested. The Conservation Commission will be notified of any change in the above plan.
