Re: Northeast Drinkard Unit #223-P 2-21-37
Northeast Drinkard Unit #319-Q 2-21-37
Northeast Drinkard Unit #603-E 15-21-37

Gentlemen:

It has been called to my attention that you reported unit production for December 1987 and January 1988 from the above-referenced wells.

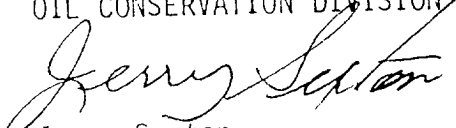

These wells were previously Wantz-Abo wells which went into your unit. Before production can be reported from the unitized zone you must file the necessary recompletion forms showing the Blinbry, Tubb, or Drinkard zones have been opened in these wells.

In order that our records will properly reflect the production from these wells, please file corrected C-115 reports for December 1987 and January 1988. The wells are properly reported on your February 1988 C-115.

Thank you for your cooperation in this matter.

Very truly yours,

OIL CONSERVATION DIVISION
