Attention Mr. A. L. Porter, Jr., Secretary and Director

Gentlemen:

This is Shell Oil Company's application for a 40-acre non-standard gas proration unit to be dedicated to Shell State (Section 15) No. 2, Blinebry (gas) Field, Lea County, New Mexico. As shown on the attached plat, this well is located 1980 feet from north line and 660 feet from east line of Section 15, T-21-S, R-37-E, Lea County, New Mexico.

Shell State (Section 15) No. 1 was completed as a Blinebry (Gas) producer in January 1953. Currently, 80 acres comprising Units G and H (outlined in red on the attached plat) are dedicated to this well. We are requesting a reduction in unit size because of the recent completion of State (Section 15) No. 3, located in Unit G, as a Blinebry (oil) producer.

Yours very truly,

R. L. Rankin
Division Production Manager
