Gentlemen:

Effective January 1, 1964 your Lee No. 5 located in Unit B of Section 20, T-21-S, R-37-E is reclassified as an oil well in the Blinbry Oil Pool. This reclassification is necessitated by your recently submitted gas-liquid ratio test, which indicated that the well is producing with a ratio of less than 32,000 and producing liquids with a gravity of less than 51°.

Please file a corrected Form C-128 showing a dedication of 40 acres only, and if there is a change in your gas transporter, please file a corrected Form C-110.

Yours very truly,

OIL CONSERVATION COMMISSION
