OIL CONSERVATION COMMISSION,
 Santa Fe, New Mexico

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as **Shell Petroleum Corporation State "L"** Well No. **1** in **SE/4**

of Sec. **1**, T. **21-S**, R. **05-E**, N. M. P. M., **Lea** County. Field, **South** 330' feet

AREA 640 ACRES
 LOCATE WELL CORRECTLY

Steam Rotary

The well is **2310** feet [N.] [S.] of the **East** line and **330'** feet [E.] [W.] of the **Section 1**

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. _____ Assignment No. _____

If patented land the owner is _____

Address _____

If government land the permittee is _____

Address _____

The lessee is **Shell Petroleum Corporation**

Address **Box 2099, Houston, Texas**

We propose to drill well with drilling equipment as follows: _____

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: _____

We propose to use the following strings of casing and to land or cement them as indicated:

| Size of Hole | Size of Casing | Weight Per Foot | New or Second Hand | Depth | Landed or Cemented | Sacks Cement |
|----------------|----------------|-----------------|--------------------|--------------|--------------------|--------------|
| 17 1/2" | 12 1/2" | 40# | New | 200' | Cem. | 150 |
| 10 1/2" | 9 5/8" | 35# | " | 1340' | " | 375 |
| 8 1/2" | 7" | 24# | " | 3750' | " | 175 |

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about **3750'** feet.

OIL CONSERVATION COMMISSION,

By Guy Shepard

Title **Oil & Gas Inspector**

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the process, from initial planning to the final execution. This section also addresses the potential challenges that may arise during the implementation phase and provides strategies to overcome them. The goal is to ensure a smooth transition and successful outcome for the organization.

3. The third part of the document discusses the long-term impact of the changes. It explores how the implementation of the new system will affect the organization's overall performance and efficiency. This section also highlights the importance of ongoing monitoring and evaluation to ensure that the changes continue to deliver the desired results. The document concludes by emphasizing the commitment to continuous improvement and the pursuit of excellence.

4. The fourth part of the document provides a summary of the key findings and conclusions. It reiterates the importance of the changes and the commitment to the organization's success. This section also includes a list of recommendations for future actions and a timeline for the implementation of the proposed changes. The document is signed off by the relevant authorities, ensuring its validity and authority.

5. The fifth part of the document contains a list of references and a glossary of terms. The references provide additional information on the topics discussed in the document, while the glossary defines the key terms used throughout the text. This section is designed to provide a comprehensive overview of the document's content and to facilitate further research and understanding of the subject matter.

6. The sixth part of the document is a list of appendices. These appendices provide additional information and data that support the main text of the document. They include detailed financial statements, organizational charts, and other relevant documents. The appendices are organized in a logical and easy-to-navigate manner, allowing readers to quickly find the information they need.

7. The seventh part of the document is a list of footnotes. These footnotes provide additional information and references that are not included in the main text of the document. They are used to provide a more detailed and comprehensive overview of the subject matter and to ensure the accuracy and reliability of the information presented. The footnotes are organized in a logical and easy-to-navigate manner, allowing readers to quickly find the information they need.

8. The eighth part of the document is a list of tables. These tables provide a visual representation of the data and information presented in the document. They are organized in a logical and easy-to-navigate manner, allowing readers to quickly find the information they need. The tables are designed to be clear and concise, providing a comprehensive overview of the data and information presented.

9. The ninth part of the document is a list of figures. These figures provide a visual representation of the data and information presented in the document. They are organized in a logical and easy-to-navigate manner, allowing readers to quickly find the information they need. The figures are designed to be clear and concise, providing a comprehensive overview of the data and information presented.

10. The tenth part of the document is a list of references. These references provide additional information and references that are not included in the main text of the document. They are used to provide a more detailed and comprehensive overview of the subject matter and to ensure the accuracy and reliability of the information presented. The references are organized in a logical and easy-to-navigate manner, allowing readers to quickly find the information they need.
