Exxon Corp. is requesting administrative approval of Simultaneous Dedication for the John D. Knox nos. 1, 9 and 13 and an Unorthodox Location for No. 9 in the Eumont Yates 7 Rvrs. Qn. (Pro Gas) Pool. Adding Yates, 7 Rvrs. and Queen perforations will cause the No. 9 to become a gas well. Attached are copies of the C-101 and C-102 for each well. If you have no objection to this Simultaneous Dedication and Unorthodox Location, please sign and return one copy of the enclosed waiver to the N.M.O.C.D. office in Santa Fe and one copy to me. Return envelopes are provided. If you have any questions, please call me at (915) 688-6782.
