17. Describe i reposed of Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of st work) SEE RULE 1103.

When we pulled pump we swabbed well and found a high fluid hereh so we decided to pump well faster to determine if oil production could be increased. We have determined that the oil is not being increased and are again securing approval to rework well as per our completed C 101 dated 2/15/71.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
