17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any propose work) SEE RULE 1903.

On October 29, 1984, form c-101 covering Tenneco's intention to plug the Sunshine State Well No. 1 back to the Paddock formation was approved by your office. To date, no work has been performed.

In June, July and August of 1985, production from Sunshine State Well No. 2 was erroneously reported as coming from Well No. 1. This error was discovered and corrected c-115's were filed for these months.

In October 1985, the Sunshine State Well No. 2 was sold to Mr. Doug Grimes, and the plugging project on Well No. 1 was farmed out to the same party. The work is now expected to commence in April of 1986.
