Dear Mr. Read:

On September 3, 1971, this office wrote to you requesting information as to why lined tubing and a packer was not run in your Sinclair State No. 1 located in Unit S of Section 2, T-21-S, R-33-E. Since that time we have heard nothing from you on this matter.

It now appears that the ownership of this well has been assumed by Mr. Dan Berry, since we have a Form C-104 dated July 19, 1971. However, as you know, we have not approved your Notice of Intent to do the work nor the subsequent report, which were filed under your name, and the work was done in your name.

If this office does not receive a report that the required tubing and packer has been run in this well by January 30, the matter will be set before a hearing to permit you or Mr. Berry to show cause why you should be permitted to continue using this well as a salt water disposal well under Order No. R-3797.

Yours very truly,

OIL CONSERVATION COMMISSION
