Attention: Mr. William E. Moore

Gentlemen:

Pursuant to your letter of July 14, 1966, please be advised that you will be required to run a directional survey on your North Wilson Deep Unit Well No. 3 located in Unit I of Section 6, T-21-S, R-35-E. Upon receipt of the directional survey the Commission will then determine if a hearing for directional drilling will be necessary.

From your Form C-103 dated July 12th and from your letter of July 14th, it would appear that you had set more than one whipstock in this well. Should this be the case, please submit on Form C-103 when and where whipstocks were utilized.

Yours very truly,

OIL CONSERVATION COMMISSION
