

INSTRUCTIONS

1. The well owner or lessee with the appropriate District Office of the Commission not later than 20 days after the completion of any newly-drilled or reworked well shall file in duplicate with the District Office one copy of all electrical and radio-activity logs run on the well and a summary of all special tests conducted, including mud stream and all depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in quintuplicate except on land 1400, where six copies are required. See Rule 1105.
