17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

In April 1976 an unsuccessful attempt was made to complete the well in the Grayburg. A cast iron bridge plug was set at 3800' with a 35' cement cap. Plan to pull approximately 1400' of 5-1/2" casing, place a 100' cement plug, 50' in and 50' out of 5-1/2"; a 100' cement plug from 1186' to 1286' and a 10 sack cement plug at the surface. Attached is a schematic drawing of the hole and our procedure to plug.

*Expend 4/20/77*

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
