17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

6/1/76

When this well was completed it had approximately 1200 psi BHP because of drainage. It looks as though we have produced about all the gas the Morrow formation will make. However, we are checking on the possibilities of trying complete in the Wolfcamp, which we think we can have worked out in the next 90 days. At the present time we ask for a temporary abandonment on this well.

Expires 10/1/76
