RE: Belco State 12 Well #1
Unit G, Section 12,
T21S - R34E
Lea County, New Mexico

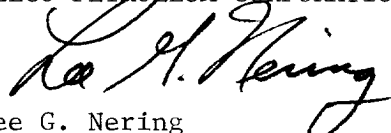

Dear Mr. Sexton:

In response to your letter to us dated December 2, 1976, the Belco State 12 #1 is presently in the status of technical re-evaluation relative to possible commercial completion. As part of the record, I am, however, submitting Form C-103 with attached chronology of our various completion attempts in this well.

Because of the present status we are, therefore, unable to fully complete Form C-105 as you requested, and with your permission we will submit the deviation record, which you also requested, at that time when we can fully complete and submit to you the final completion report on Form C-105 for this well.

Sincerely,

BELCO PETROLEUM CORPORATION
