

This form is to be filed with the appropriate office of the Department of Internal Affairs after the completion of any newly-drilled or reopened well. It is to be completed by the owner of all electric and radioactivity logs run in the well and a summary of all special tests conducted, including drill stem tests. All logs run in a well shall be measured for thickness to the nearest foot. In all wells, true vertical depth shall also be reported. For multiple completion systems, the logs shall be reported for each zone. The form is to be filed in triplicate except on state land, where six copies are required. (See Reg. 11.15)
