Attention Mr. William G. Kern

Gentlemen:

On October 22, 1979, this office approved Form C-101, Notice of Intent to Drill, for your M. L. Goins Well No. 2 to be located in Unit H of Section 7, T-21-S, R-37-E, Lea County, New Mexico. The following condition of approval was inadvertently omitted from the approved form:

"Cement on the production casing must be brought from the top of the salt or anhydrite to the surface casing. This can be done by either circulating the production casing with cement, or a DV tool at the top of the salt."

This letter will serve as notification that the above stipulation must be met.

Yours very truly,

OIL CONSERVATION DIVISION

Supervisor, District 1
