ATTENTION: Mr. Dan Nutter  
Chief Engineer

Dear Mr. Nutter,

I am writing concerning Amerada Hess Corporation's application for a 160 acre non-standard gas proration unit to be assigned to State WE "A" #4. Our records indicate application was made and offset operators notified in February of this year.

Based on my conversation with you on 6-2-80, you indicated the New Mexico Oil Conservation Division has not received the application. I have enclosed the copies of the original and the certified mail receipts.

If the letter and enclosures do not meet with your approval, please call me at (505) 393-2144. Thank you.

Sincerely yours,

Bob Mahaney
